## Frequently asked questions

### How do we know if we are getting the right training?

The training is part of the respected NFPS system

### How do we know if what we are learning is safe?

Our training system has been audited at the highest levels from a medical legal and H&S perspective

### What are my instructors experience?

All of our instructors hold minimum BTEC qualifications and have years of experience within appropriate sectors

### Will it be complicated to learn?

Absolutely not because if it is it won't work and will actually put people at risk of harm

## What is Positive Handling?

**Positive Handling** is a physical intervention program specifically designed to be used in school's educational settings and some care homes Positive handling should be viewed very much like an insurance policy to be used as a last resort and where challenging behavior has reached a point where it cannot be managed by using primary interventions such as diversion & environmental stimulus or conflict resolution

“ This course has given me much more confidence especially for working with our SEN children ”
