THE TRAINERS

Safer training solutions have some of the most experienced trainers in the business. Our trainers have years of experience working within the medical field with knowledge in the following sectors

Teaching

Nursing

Mountain rescue

Mental health

Military medicine

Healthcare assistance

Police

Large scale events

As a company we feel this gives our trainers a great advantage having worked in such diverse sectors and alongside a very diverse group of people with several different needs, they are able to use that vast wealth of experience and knowledge that has been built up within their training enabling them to adapt their delivery and tailor it towards the customer's individual needs.

SECURITY

Our team operate in many establishments where vulnerable people are located. As an organisation you can rest assured all our trainers are security checked to the highest level. All our trainers hold an enhanced disclosure & barring service check which is renewed every year to ensure peace of mind to our clients.

FLEXIBILITY

We appreciate for many organisations time is valuable, so we will come to you anytime any place that suits you to carry out your training. We can provide a full day of training or split sessions depending on which type of training you wish to undertake we will work around your timescales.

NO PRESSURE LEARNING ENVIRONMENT

We recognise that people learn in different ways and at different speeds, some will learn easy visually some audibly and some kinaesthetically through practical demonstrations. Our courses are designed in ways that encompass all learning styles in order to meet different learning outcomes. Our trainers will be patient and sympathetic and will make that extra effort to help delegates with their learning experience.

THE QUALIFICATION YOU WILL RECEIVE

All our medical qualifications are approved by Qualsafe Awards the leading awarding body for medical qualifications, which ensures that you only receive the highest quality regulated training.

THE TRAINING

As a training provider we use a variety of different methods to ensure all learners receive a quality training experience, we provide the most up to date training equipment to ensure that learners get the chance to practice techniques and methods to ensure as realistic an environment as possible

We use an easy to follow clear and concise power point demonstration incorporated within this are lots of quality videos for visual aid

Our trainers throughout the course will be constantly evaluating and assessing learners in a way that will not be imposing or pressuring but will allow us to recognise if a learner needs some extra support within their learning.

EASY LEARNING

There is nothing worse than sitting through a training course staring at a computer screen and being talked at. We do not do this we make the learning you will undertake very easy so if, and when you need to call upon the first aid skills you have learnt your skill fade will be at an absolute minimum and your recall of knowledge will be very high.

SAFEGUARDING

There are many bad things in the news media with regards to safeguarding issues. It is vitally important that everyone has an awareness of potential safeguarding issues within their work environment. All our trainers have received extensive training on safeguarding and use this to implement it within their training and their delivery. Some of our trainers have received extra training in safeguarding and can be considered specialists within the field.

S.E.N.D AWARENESS

Our trainers have a wealth of experience working with organisations and staff members whose role it is to support persons with special educational needs and disabilities. Training and delivery is tailored to meet your individual need and works to try to provide a potential solution to any ongoing issue that you may be experiencing, our trainers are especially skilled in working in establishments with persons with difficulties around autism issues and autism awareness.

AFTER CARE SERVICE

As part of our commitment to you and to show how much we value you as a customer we will provide you with an outstanding after care service we will stay in communication with you. You will be able to call us or email us at any time should you have a particular problem you feel you need our help with, or maybe you just need some good advice we will be there for you we will even review any policies you may have with regards to first aid free of charge or if you do not have any we will happily provide them to you.

CONFIDENCE

Most importantly when you train with us we will in-still confidence in you, so you know that if you are in a situation where you must use the first aid skills you can do it without hesitation.

Michael White

Director & Lead trainer
